FOR IMMEDIATE RELEASE

AMPAC Fine Chemicals Partners With CHEMGO Organica AG of Switzerland

RANCHO CORDOVA, Calif., USA, and BASEL, Switzerland, October 2, 2014 / -- AMPAC Fine Chemicals (AFC) and CHEMGO Organica AG (CHEMGO) are pleased to announce that effective immediately, CHEMGO will represent AFC in all European markets. This collaboration enables AFC to have local representation within the European market.

AFC is a leading FDA approved manufacturer with a broad technology portfolio including energetic chemistries, chromatographic separation capabilities, and high containment / cytotoxic facilities. AFC has production sites in Rancho Cordova, California, and La Porte, Texas, USA.

CHEMGO, with offices in Basel, Switzerland and Lyon, France, is an agent / representative focusing on chemical synthesis for life sciences. It is CHEMGO's mission to satisfy the needs of its customers whilst representing the best interests of its Principals.

"The appointment of CHEMGO illustrates AFC's commitment to expand operations in Europe," notes Dr. Aslam Malik, President of AFC, "we joined forces with CHEMGO because of their proven success, strong technical background, and excellent industry contacts. CHEMGO will involve four of its marketing and sales professionals for the promotion of AFC and for management of projects."

ABOUT AMPAC FINE CHEMICALS LLC

AFC is a U.S.-based company with demonstrated capabilities in process development, scale-up and cGMP-compliant commercial production of active pharmaceutical ingredients (APIs) and registered intermediates for pharmaceutical and biotechnology customers. Additional information about AFC can be obtained by visiting our web site at www.ampacfinechemicals.com.
